

# A 2020 VISION OF ONCO-ANAESTHESIA

## CME IN ONCO ANAESTHESIA

**Sri Shankara Cancer Hospital  
& Research Centre**

1st Cross, Shankarapuram,  
Basavanagudi, Bengaluru 560 004.

**T:** +91 80 2698 1000 / 4648 4400

**E:** academics@sschrc.org

**W:** shankaracancerfoundation.org

**SUNDAY 16<sup>TH</sup>,  
FEBRUARY 2020**

**Venue - Auditorium, 2<sup>nd</sup> Floor,  
Sri Shankara Cancer Hospital  
& Research Centre**

**KMC Credit hours will be given**

# CME IN ONCO ANAESTHESIA

## GREETINGS FROM SRI SHANKARA CANCER HOSPITAL & RESEARCH CENTRE !

Cancer, as we know, is a complex disease with many modalities of treatment affecting multiple organ systems, with far-reaching and deleterious consequences to patients and their relatives.

Quite often, in addition to the cancer per se, the treatment of cancer adds to the morbidity and mortality, due to its various effects and side effects. Hence, it is imperative for us anaesthesiologists to not only understand the pathophysiology of various malignancies, but also the effects of the diverse modalities of cancer treatment, like chemotherapy and radiotherapy on the physiology of the patient.

The very fact that Onco-Anaesthesia is rapidly emerging as the youngest speciality of Anaesthesiology with new Fellowships, Courses and a DM in Onco-Anaesthesia, which have been started in various reputed institutes of India, and the fact that a new National Society for Onco-Anaesthesia, Pain and Critical Care (SOAPC) has been established, shows that Onco-Anaesthesia is unique and that it needs to be studied as a separate sub-speciality of Anaesthesia.

Through this CME, we intend to highlight a few intricacies of dealing with cancer patients and introduce you to this vast but extremely interesting subject of Onco-Anaesthesia.

We welcome you all – Anaesthesiologists, Intensivists, Pain and Palliative Care, Specialists and Post Graduates of these specialities to participate in this CME and enjoy the exchange of knowledge with leaders in this field.

## PROGRAMME SCHEDULE - 16<sup>TH</sup> FEBRUARY 2020, SUNDAY

TIME	DETAILS
8.00 - 8.30am	Registration and Breakfast
<b>SESSION I</b>	
8.30 - 9am	Oncoanaesthesia as a separate speciality in anaesthesia
9.00 - 9.20	Influence of oncological treatment on a patient coming for surgery
9.20 - 9.40	Physiological changes in geriatric patients and its influence on anaesthesia
9.40 - 10am	Nutritional assessment and optimization in surgical patients
10 - 10.10	Question & Answer
10.10 - 10.40	Inauguration
<b>SESSION II</b>	
10.40 - 11.00	ERAS protocol in colorectal cancer surgery
11.00 - 11.20	Intraop anaesthetic Challenges in robotic prostatectomy
11.20 - 11.40	Regional anaesthetic techniques for thyroid and breast surgeries
11.40 - 11.50	Question & Answer
<b>SESSION III</b>	
11.50 - 12.10	Prevention and management of post operative neuropathic pain (post mastectomy pain syndrome and post RND syndrome)
12.10 - 12.30	'Prehabilitation' of patient undergoing major thoracoabdominal surgery
12.30 - 12.50	Perioperative care in patient posted for right hepatectomy
12.50 - 1pm	Question & Answer
1.00 - 1.45	Lunch
<b>SESSION IV</b>	
1.45 - 2.15	Panel discussion: Opioid free anaesthesia - Is it a passing fad?
2.15 - 2.35	DVT and pulmonary embolism in cancer patients
2.35 - 2.55	Febrile neutropenia and its management
2.55 - 3.05	Question & Answer
3.05 - 3.30	Pro-con session: I will transfuse blood for a peri operative haemoglobin of 8.5g/dl.
<b>SESSION V</b>	
3.30 - 3.50	Options for airway management in a patient with severe trismus coming for surgery
3.50 - 4.10	Sensitivity and specificity of procalcitonin and CRP in sepsis
4.10 - 4.30	Common interventions in management of cancer pain
4.30 - 4.50	Tumour lysis syndrome causes symptoms and management
4.50 - 5.00	Question & Answer
5.00 - 5.15	Valedictory function

\*Speakers will be announced shortly

# ORGANISING COMMITTEE

## PATRON

**DR. B S SRINATH** MS, FRCS (Edin) FRCS (Glas)

Senior Consultant Surgical Oncologist &  
Head of the Institution, SSCHRC

## ORGANISING SECRETARY

**DR. N K VINOD** MD, PDCCA

HOD - Anaesthesiology & Critical Care

M: 99807 61214

E: nkvinod@hotmail.com

## CME CO-ORDINATORS

**DR. TULSI NAGESH** DA

Consultant - Anaesthesiology & Critical Care  
M: 98450 14647

**DR. RAGHAVENDRA G** DA, DNB

Consultant - Anaesthesiology & Critical Care  
M: 97460 31452

**DR. BHARATH K V** MD, IDCCM

Consultant - Anaesthesiology & Critical Care  
M: 77609 41480

**DR. SUCHETA S** MD

Consultant - Anaesthesiology & Critical Care  
M: 87621 85230

**DR. V S R MURTHY** DNB

Consultant - Anaesthesiology & Critical Care  
M: 96776 42106

**DR. MALLIKA GANESH** MD

Senior Registrar - Anaesthesiology & Critical Care  
M: 99805 07130

<b>LAST DATE FOR REGISTRATION</b>	<b>7<sup>th</sup> Feb 2020</b>
<b>REGISTRATION FEE</b>	<b>INR. 500/-</b>

## BANK DETAILS FOR NEFT

NAME OF ACCOUNT : **Sri Shankara Cancer Hospital**  
NAME OF THE BANK : **Central Bank of India**  
BRANCH : **JC ROAD**  
ACCOUNT TYPE : **Current Account**  
ACCOUNT NO : **3200607164**  
IFSC : **CBIN0280849** (5th letter is zero)
