PHILOSOPHY OF NURSING

Health is a state of well-being that enables a person to lead a psychologically, socially and economically productive life. Health is a right of all the people. Individuals, Families and communities have responsibility towards maintaining their health.

The nursing profession is a noble one. It is not only taking care of the patient as an individual, but as a member of the family and society. The humanitarian aspects of the patient such as his hopes, aspirations, worries, anxieties, apprehensions and tensions due to disease process are also to be looked into with great patience which plays a vital role for the amelioration of the condition of the patient. To become a good nurse all these qualities are to be developed during the training course.

Nursing contributes to the health services in vital and significant way in the health care delivery system. It recognizes national health goals and is committed to participate in the implementation of National Health policies and programmes. It aims at identifying health needs of the people, planning and providing quality care in collaboration with other health professionals and community groups.

Scope of nursing practice encompasses provision of promotive, preventive, curative and rehabilitative aspects of care to people across their life span in wide variety of health care settings. Practice of nursing is based upon application of basic concepts and principles derived from the physical, biological, and behavioural sciences, medicine and nursing.

Nursing is based on values of caring and aims to help individuals to attain independence in self care. It necessitates development of compassion and understanding of human behaviour among its practitioners to provide care with respect, dignity and protect the rights of individuals & groups.

Undergraduate nursing programme is broad based education within an academic framework specifically directed to the development of critical thinking skills, competencies & standards required for practice of professional nursing and midwifery as envisaged in National Health Policy 2016.

The teachers have the responsibility to be role models and create learning environment that enables students to acquire inquiry driven, self directed learning and foster an attitude of life long learning.

Under graduate nursing education program prepares its graduates to become exemplary citizen by adhering to code of ethics and professional conduct at all times in fulfilling personal, social and professional obligations so as to respond to national aspirations.

INTRODUCTION

Sri Shankara Cancer Foundation (SSCF) is founded by Trustees with rich experience in specific development activities of different fields of society.

Dr. B.S. Srinath, MBBS, MS, FRCS (Edinburgh & Glasgow). A reputed surgical oncologist with over 35 years of service to cancer patients. Has conducted research on cancer and immunology. Has an eminent stature in the field of cancer treatment. Has distinguished managerial experience as well of building and managing a large and successful hospital in the related field. Has served as the Managing Director of Bangalore Institute of Oncology, a leading institution, for 11 years during 1992-2003. Has conducted many cancer detection and awareness programs during the last 20 years and has taken the medical expertise right up to the patient's door with a major concern for the poor.

Dr. H.S. Nagaraja, M.Sc., Ph.D. A renowned educationist, he is the Founder-Director of BASE, an 18 year student training institution with over 150 faculty members and is focused on enabling superior level achievement among the brightest students.

Smt. Tejaswini Ananth Kumar B.E., A software engineer, philanthropist and social worker. Spearheads the activities of “Annapurna”, an NGO, which feeds 2.5 lakh school children every day, in Bangalore, Hubli, Gulbarga and Jodhpur. Active in non-formal education for the underprivileged. Also involved in women's self-employment initiatives.

Sri Abhinav Ramanand, LL.B., Young, dynamic advocate practicing in High Court of Karnataka on the original side. Actively involved in supporting social development, through a Concern for the needy and suffering.

Sri Rammohan Shivapuram, B.E., PGDMM (IIMM), Head, Sales & Marketing, SJS SJS Enterprises Pvt Ltd.,

Sri Anil Kumble, B.E, An internationally acclaimed cricketer of India, with a passion for building a good society. He is India's highest wicket taker and the world's third highest wicket

taker in test cricket. He was the former Indian test cricket captain and a great leader. He has been awarded the Sri Padmashree and Arjuna Award and Wisden Cricket Award.

Sri V. R. Balasubramani, IRS (Retd), B.Sc, LL.B, MBA, LL.M, Retired Assistant Commissioner of Customs, practicing advocate.

Sri B R Nagaraj, B.E, PGDRBPM, RPA (USA), Chairman of the Board and COO at Phi Property Management Services Private Limited

Sri Shankara Cancer Foundation (SSCF), a not-for-profit organization, was founded 6 years ago with the core purpose of providing comprehensive cancer treatment to all cancer patients particularly the poor. Sri Shankara Cancer Hospital and Research Centre (SSCHRC), the brainchild of SSCF, commenced its operation of delivering contemporary treatment for cancer on August 15, 2012. SSCHRC is a 360-bedded hospital built over 6 Floors spread over an area of 2.5 lakh sq. ft. (Two lakh fifty thousand sq. ft.).

The Sri Shankara College of Nursing is part of the SSCF Trust which aims at bringing intellectual awakening and transformation in educational, economic, social and cultural field. The Trustees of College of Nursing believe that a professional nurse has a unique contribution to make, in promoting health, prevention of illness and in the care of individual, family & community. The graduates of College of Nursing are expected to provide holistic care to clients in variety of settings.

The Trustees believe that Nursing Education is a process of growth directed toward the development of the student as a person, as a prospective member of the society, member of the nursing profession, who will uphold the dignity of nursing profession.

THE AFFILIATED HOSPITAL FOR SSSCON

Sri Shankara Cancer Hospital and Research Centre has established the following Vision, Mission and Quality Policy

Vision:

To be an acknowledged leader in the field of cancer cure and research by ensuring that high quality care reaches the common man.

Mission

To be a pioneer in cancer cure and research through innovation and being sensitive to the environment in which we all exist

Quality Policy:

Sri Shankara Cancer Hospital and Research Centre is committed to assure health services to all patients with quality, accuracy, safety and courtesy while maintaining the highest standards of professionalism and customer satisfaction.

SSCHRC is an exclusive cancer hospital providing comprehensive treatment to all cancer patients. It has about 300 beds, 8 operation theatres, 50 ICU beds, two linear accelerators, brachytherapy unit and a 32-bedded day care centre.

Facilities include Pain and Palliative Care Department, Physiotherapy, Pharmacy with subsidized costs for medicines, well-equipped modern Diet Kitchen, Ambulance Services, Domiciliary Care Services (home care team visiting the patient at home), Mortuary and Bereavement Services.

Well-equipped Departments of Radiotherapy with 2 state-of-the-art linear accelerators, Radiodiagnosis and Interventional Radiology with big bore CT, digital MRI and diagnostic and therapeutic ultrasound, Nuclear Medicine, Blood Transfusion and Laboratory Facilities including anatomical pathology and microbiology sections with fully automated equipment are all operational and aiding in quick diagnosis. 128 slice PET CT will be inducted into service in 2 months' time. Departments of Medical Oncology, Surgical Oncology, and Radiation Oncology led by eminent doctors are delivering expert treatment. , Rehabilitation and Speech Therapy, , Meditation and Holistic Services Unit, and Psycho-Oncology Unit helps in delivering wholesome treatment to the patients.

Department of Clinical Psychology, Medical Genetics, Molecular and Genetic Laboratory, Blood Component Services help in providing latest and in depth treatment.

Patient and their care providers are encouraged to seek more information in these areas from our medical social workers.

A team of volunteers offer help and guidance to all the patients (please check with our help desk

Sri Shankara Cancer Foundation has undertaken this sacred task through generous donations from large hearted individual donors, Government of Karnataka and Central Government organizations. Many corporate bodies and overseas donors have contributed in support of cancer patients

The hospital provides expertise in all super-specialities of cancer, has 42 highly qualified and dedicated doctor consultants. SSCHRC has so far treated 21000 new cancer patients and has consistently tried to fulfil its main objectives of providing treatment at affordable costs including free treatment to the poor cancer patients.

Irrespective of cast, creed, religion socioeconomic status .Besides the hospital is working seriously towards bringing down the number of cancer patients in the society by prevention early detection awareness and rural focus .It has adopted a district close to Bangalore and has already conducted a detailed household survey of more than 70 thousand people from 4 taluks and identified several cancer cases which were referred to the hospital for surgery and follow up treatment . All the villages covered were given preventive health measures and how to modify their life style and improve their health status. The follow up will be for a period of 30 years.

HIGHLIGHTS OF SSCHRC

This not-for-profit institution will cater to all the segments of the society irrespective of caste, creed, religion and economic status and provide equal access and care to the most indigent and poor patients as well as the rich.

SSCHRC has been constructed and equipped through gracious donations from the large-hearted philanthropists, institutions, corporate entities, and large number of individual donors

The land for the hospital has been given by His Holiness Jagadguru Sri Sri Sri Bharati Tirtha Mahaswamigal of Sringeri Sharada Peetham.

31 beds of the 150 general ward beds are totally free for the really poor and needy. To our knowledge, no other private cancer hospital offers this service. The estimated cost of the treatment for this segment alone is Rs. 3.5 crores/year.

The medicines to the cancer patients are highly subsidized for economically poorer patients; the pharmacy will provide 30% (approx) subsidy on all medications – a great help for cancer patients

Dormitory facility, adjacent to the patient wards, is provided to the caretakers of the patient so as to reduce their expenses

Exclusive 60-bedded Paediatric Cancer Centre with provision for individualized care and facility for every child, a first effort of its kind in the country.

A large oncological research facility within the hospital building

Academic Floor housing a post-graduate library, auditoria, conference hall

Post-graduate training program leading to postgraduate degrees has been setup to maintain high academic standards.

Domiciliary Care – Domiciliary patient treatment and nursing care will be commenced shortly under its most appreciated Department of Pain Relief and Palliative Care.

SSCHRC has a separate Research Wing and 8 research publications have seen the print during the last 1 year in the International Journals

Clinical drug trials.

Role of MRI in improving the quality of brain tumour radiation

Research in molecular biology and tumour cell genetics

Nano medicine in the treatment of cancer

Micronutrients in improving the immunity against cancer

Research in Holistic Cancer Treatment supported by Sri Vidhyaranya Prathistana Holistic Research Centre

Establishing a Biorepository

Accreditation with NBE for the academic year 2016-17 for various Oncology Super specialities has been sought and compliance reports are under study by the NBE

Oncology nursing training program and skill-development program for caregivers and technologists has commenced

SSCHRC is expected to play a very major role in treating precancerous condition and patients detected with early cancer in cancer outreach programs

AIM :

Aim of the Undergraduate Nursing Programme is to :

Prepare graduates to assume responsibilities as professional, competent nurses and midwives in providing promotive, preventive, curative, and rehabilitative services.

Prepare nurses who can make independent decisions in nursing situations, protect the rights and facilitate individuals and groups in pursuit of health, function in the hospital, community nursing services, and conduct research studies in the areas of nursing practice. They are also expected to assume the role of teacher supervisor and manager in a clinical / public health setting.

Objectives :

On completion of the four year B.Sc. Nursing program the graduate will be able to:

1. Apply knowledge from physical, biological, and behavioural sciences, medicine including alternative systems and providing nursing care to individuals, families and communities.
2. Demonstrate understanding of life style and other factors, which affect health of individuals and groups.
3. Provide nursing care based on steps of nursing process in collaboration with the individuals and groups.
4. Demonstrate critical thinking skill in making decisions in all situations in all situations in order to provide quality care.
5. Utilize the latest trends and technology in providing health care.
6. Provide promotive, preventive, and restorative health services in line with the national health policies and programmes.
7. Practice within the framework of code of ethics and professional conduct, and acceptable standards of practice within the legal boundaries.
8. Communicate effectively with individuals and groups, and members of the health team in order to promote effective interpersonal relationships and teamwork.

9. Demonstrate skills in teaching to individuals and groups in clinical/community health settings.
10. Participate effectively as members of the health team in health care delivery system.
11. Demonstrate leadership and managerial skills in clinical/community health settings.
12. Conduct need based research studies in various settings and utilize the research findings to improve the quality of care.
13. Demonstrate awareness, interest and contribute towards advancement of self and of the profession.

In pursuance of the said philosophy, the aims and objectives of the College are to empower young women that predominantly opt for nursing as a career as well as provide opportunities for the students to acquire and develop:

- (i) A sound theoretical and practical knowledge of Nursing care at basic as well as advanced levels, contributing to the promotion, preventive and restorative aspects of health.
- (ii) The ability to plan and act independently with full responsibilities as a qualified Nurse and as a spiritual human being.
- (iii) The confidence for taking up leadership position to assume responsibilities in nursing and to do pioneering work while taking care of one's own responsibility and professional growth too.
- (iv) The skill to maintain a centre of excellence for the pursuit of higher studies in nursing and act as a base shelter for the contemporary and future needs of new developments.
- (v) The capacity of keeping calm, serene and smiling and never to loose temper, even on provocation.
- (vi) Maintaining the habit of strict punctuality in all activities and obligations.

Classes and bedside clinics on various medical % nursing subjects are taken by the senior doctors of Sri Shankara Cancer Hospital.

Training on CPR is being provided as part of the syllabus through a simulator. Fire safety training is given time to time by trained personnel.

A well developed Community Health Department with urban & rural community centres with various developmental activities planned and executed scientifically are at the disposal of students for practical community health nursing experience.

Attendance at courses in Communication, Human Formation, including Medical Ethics, Rural Orientation Programmes and Behavioural Sciences arranged by the College is compulsory

Individualized attention right through the programme will be provided.

Religious Activities : Students are encouraged to avail themselves of the opportunities provided to pray realizing that it is from the Divine Physician that they draw the healing touch to be imparted in turn to their patients.

Extra Curricular Activities: In view of the main aim of education as the total development of the person, a number of opportunities are provided for the students to develop their skills and talents at various levels, through membership to the Student and Trained Nurses Associations and participation at local, state and national conferences and scientific exhibitions which promote leadership potentialities in the students. Besides these, opportunities to develop talents in music, dance, indoor and outdoor games and sports also are provided.

Health Services: On admission every student will undergo a Medical Examination. An Annual check-up will be done for all the UG students. Medical care will be given to all the students in case of illness, at attached hospital

During the course, a high standard of health has to be maintained. In case of any illness as that of epilepsy, heart diseases and major health deviations detected after admission, the student may be asked to discontinue the course.

Hostel: Stay in the hostel is encouraged to meet the requirements of the course both academic and clinical. During the stay in the hostel, the student will strictly adhere to the Hostel Rules. Every student who wishes to get admitted to the College Hostel, should make an application at the beginning of academic year in the prescribed application form available at the college office. Students admitted to the hostel will be given immunisations for hepatitis and typhoid.

Students who are married, those who get married during the course and those who are in the family way are not eligible for hostel accommodation since there is no provision for single room accommodation in the College of Nursing hostel. They are expected to make their own arrangements for accommodation.

Mess : All the students of the hostel shall be required to join the mess. Booklet on rules regarding Hostel and Mess is available at the office.

Telephone Calls : The College does not entertain direct telephone calls to the students during working hours. Any message should be passed on through the Principal/Vice Principal / Office. Mobile phones will not be allowed in the classrooms and hospitals.

Kannada Class : Provision is made for Non-Karnataka students. It is compulsory for all new entrants who do not know the language and learn Kannada which is a syllabus requirement and is essential to facilitate communication with the patients during clinical experience.

Vacation : Vacations are planned according to the RGUHS rules. If the students are unable to return on time due to illness, the Principal should be intimated immediately by telephone/e-mail followed by a written explanation. On return, they should submit a medical certificate issued by a registered medical practitioner stating full particulars of their illness and treatment. Normally, no other leave will be granted except the planned vacation. Students are not granted leave for social events in the family.

In case a student absents herself from duty/class for any reasons and the Principal is not satisfied with the explanation regarding her/his absence, the student will be asked to make up for the number of days she/he was absent at the rate of 3 days for a day of absence, as approved by the Principal, Those not having at least 80% of attendance for theory and 100% attendance for clinical in any subject will not be permitted to appear for examination.

Academic Progress and Clinical Evaluation : All Students are expected to maintain a high academic and clinical standard of performance throughout the programme. To this effect regular written and practical sessional examinations will be conducted. Consistent standards of excellence are expected at all times. Students who do not show any progress or who fail repeatedly will not be allowed to appear for examination / continue the course.

Internal Assessment : Internal assessment in each subject is carried out at prescribed times as per the weightage of the total university marks. Passing in the Internal assessment is the pre-requisite to appearing for the University examination.

Examination : The students will appear for theory and practical examination of the Rajiv Gandhi University at the end of every academic year as prescribed. A mid-term examination and two sessional examinations will be conducted every year by the college. Examination fee, as determined by the University, should be paid by the students.

Educational Field Visit : During the course of studies the students will be sent for educational field visit extending over a period of 10 -15 days or more.

Withdrawal from the Course : As a Matter of Policy, Students are not relieved during the course of study. However, if any student after admission to the course decides to withdraw voluntarily from the college at any time before completing the course she/he shall communicate her/his decision to the Management in writing along with a letter from her/his parents in support of her/his decision. A student who fulfils these formalities and who is permitted to withdraw from the course is required to pay the fees for the remaining period of the course

However, fees already paid will not be refunded. A student who discontinues the course after admission but before the commencement will not be entitled for refund of the fees already paid and deposits made to the Institution unless the seat that has fallen vacant due to the discontinuation, is filled up by another candidate. In such a case, an amount equal to 10% of the total fees payable will be deducted as service charges.

Graduation : On successful completion of the B.Sc. Nursing programme, the graduates are awarded the B.Sc. Nursing degree during the University convocation. Transcript, original certificates and course completion certificates are given only when the graduates meet all the course requirements of the college. The graduates are expected to register themselves with the Karnataka Nursing Council and also enroll as members of TNAI. Following the successful completion of the programme, the Graduates will have Graduation ceremony in the Institution. No student who has failed in the final exams will be allowed for graduation march. Applicants/Parents/ Guardians are informed that it will not be possible to enter into correspondence with them in connection with the various provisions in the prospectus. It is also not possible to grant them an interview in this connection. All decisions or actions taken by the Management are final and not subject to review.

GENERAL DISCIPLINE

Nursing Profession, which demands altruistic service from its members, exacts self discipline at a personal level and general discipline in the campus. Therefore:

Regular attendance as well as punctuality is expected from the students at lectures, demonstrations, practical, field Work and other such academic exercise as well as experiences. They are required to attend allotted working periods in each of the prescribed subjects.

Students should wear the prescribed complete uniform for duty. Students must be neat and tidy in their dress, avoiding expensive clothes and exaggerated fashions.

Students are required to carry their Identity Cards certified up-to- date, on their persons at all times.

The Rajiv Gandhi University of Health Sciences, Bangalore, to which our College is affiliated has sent a Circular dated 1 st February 1997 on Ragging. We would like to bring the important part of the contents of this Circular to the notice of our students:

“Ragging is a Cognisable Offence and that any person caught indulging in Ragging shall be liable to imprisonment for a term which may extend to one year, or with fine as stipulated therein”.

“Principals are instructed to inform the Police and take necessary steps to dismiss the Student”.

Ragging in any form is prohibited in the campus. In addition any student indulging in any form of Ragging in the Hostel will be debarred from Hostels of this Institution. She will have to make alternate arrangements for accommodation. Names of the students found ragging will be sent to the Rajiv Gandhi University of Health Sciences, Bangalore, for further action.

All day scholars are also reminded that they are not allowed in any of the blocks in the Hostel and all Residents in the Hostel are hereby warned that any act of ragging either in the blocks or in the common rooms or in the dining halls, recreation room, sports grounds, etc., is strictly prohibited.

Any Students who indulge in any form of Ragging will undergo severe punishment including immediate expulsion from the Hostel etc.

A sense of decorum and discipline is expected to every student in the college, hospital as well as in the entire campus. Ragging is strictly prohibited. They shall not indulge either individually or collectively, in any form of activity that will bring down the good name of the Institution / Nursing profession. No person who is a student in a educational institution including an institution under the direct management of the University or of the Central Government shall commit ragging. Any person who contravenes subsection shall, on conviction, be punished with imprisonment for a term which may extend to one year with fine which may extend to two thousand rupees or with both (RGU code of rules on Anti-Ragging).

Anti Ragging Committee : The Anti-Ragging Committee (Review Committee) is formed to look into this matter who will keep vigilance over the students to prevent any sort of ragging in the college, Hospital, Hostels and the campus as a whole. According to Government order “Ragging” in any form is a “Criminal Offence” if any student is involved in ragging, action will be taken against him/her including Rustication from college and Criminal Proceedings

Students will strive at all costs to be loyal to the Ethos of the Institution and to promote its image and status by a humane, ethical and professional code of conduct. Failure to follow these and such other regulations will necessitate the management to take disciplinary action as deemed fit.

Work Experience (Internship) : All B.Sc. Nursing students on successful completion of the course of four years will be required to put in one year compulsory internship for work experience in the parent institution .During this period they will be paid an allowance, which will be fixed by the Management from time to time.

FEES

The fees will be charged based on the expenses incurred on education and other facilities offered. Students are expected to meet the expenses.

Fees are payable as per the approved rates prescribed from time to time. Fees are liable to be change every year. Revision will be made applicable to all.

- *Project work to be carried out during clinical training.*

Table 5. Details of Distribution of Hours for clinical training (Integrated Practice)

Subject	Practical (In hrs)	In Weeks
1. Midwifery and Obstetrical nursing	240	5
2. Community Health Nursing-II	195	4
3. Medical Surgical Nursing (Adult and geriatric)	430	9
4. Child Health	145	3
5. Mental Health	95	2
6. Research Project	45	1
Total	1150	24
Hours		

Note:

1. Clinical training means 8 hours of integrated clinical duties in which 2 weeks of evening and night shift duties are included
2. Clinical training should be carried out as 8 hours per day @ 48 hours per week
3. Students during Clinical training will be supervised by nursing teachers
4. **Students will be eligible to appear in the Fourth year final examination only after completion of Clinical training.**

Attendance

A minimum of not less than 80 % attendance in theory and practical / clinical separately in each subject in each academic year is essential for appearing in the examination. A candidate pursuing in the course shall study in the college for the entire period as a full time student. No candidate is permitted to work in a hospital / nursing home / laboratory / college while studying this course. No candidate should join any other course of study or appear for any other examination conducted by this university or any other university in India or abroad during the period of registration. Each academic year shall be taken as a unit for calculating the attendance.

Internal Assessment

Regular periodic assessment shall be conducted throughout the course. Although the question of number of tests is left to the institution at least three tests in theory and practical each year be held. The test preceding the university examination may be similar to the pattern of university examination. Average of the marks of the three tests for theory and practical separately shall be sent to the university.

A candidate shall secure not less than 50% of marks prescribed for internal assessment in theory and not less than 50% marks prescribed in practical, separately, in each subject/paper to be eligible to appear in the university examination.

Schedule of Examination

The university shall conduct two examinations annually at an interval of not less than 4 to 6 months as notified by the university from time to time. A candidate who satisfies the requirement of attendance, progress and conduct as stipulated by the university shall be eligible to appear for the university examination. Certificate to that effect shall be produced from the Head of the institution along with the application for examination and the prescribed fee.

Scheme of Examination

First year

Distribution of Subjects and Marks for Internal Assessment and University Examination

Subject	Internal Assessment	University Examination	Total
Theory			
1. Anatomy & Physiology	40	100	140
2. Nutrition and Biochemistry	40	100	140
3. Nursing Foundation	40	100	140
4. Psychology	40	100	140
5. Microbiology	40	100	140
6. English	40	100	140
7. Introduction to Computer*	40	100*	140
Practical and Viva Voce			
1. Nursing Foundations	100	100	200

*** SSCON will conduct examination for Introduction to Computer and English as college examination. Marks to be sent to the university.**

All practical examinations must be held in the respective clinical areas.

One internal and one external examiner should jointly conduct practical /clinical examination for each student.

Second Year

Distribution of Subjects and Marks for Internal Assessment and University Examination

Subject	Internal Assessment	University Examination	Total
Theory			
8. Sociology	40	100	140
9. Medical Surgical Nursing- I	40	100	140
10. Pharmacology, Pathology, Genetics	40	100	140
11. Community Health Nursing – I	40	100	140
12. Communication and Educational Technology	40	100	140
Practical and Viva Voce	Internal Assessment	University Examination	Total
2. Medical – Surgical Nursing - I	100	100	200

Third Year

Distribution of Subjects and Marks for Internal Assessment and University Examination for Third Year Basic B.Sc. Nursing

Subject	Hours	Internal Assessment	University Exam	Total
Theory				
13. Medical Surgical Nursing- II	3	40	100	140
14. Child Health Nursing	3	40	100	140
15. Mental Health Nursing	3	40	100	140
Practical and Viva Voce				
3. Medical - Surgical Nursing- II		50	50	100
4. Child Health Nursing		50	50	100
5. Mental Health Nursing		50	50	100

Note: All practical examinations must be held in the respective clinical areas.

One internal and one external examiner should jointly conduct practical /clinical examination for each student.

Fourth Year

Distribution of Subjects and Marks for Internal Assessment and University Examination for Fourth Year Basic B.Sc. Nursing

Subject		Internal Assessment	University Exam	Total
Theory				
16. Midwifery and Obstetrical Nursing		40	100	140
17. Community Health Nursing – II		40	100	140
18. Nursing Research & Statistics		40	100	140
19. Management of Nursing Services and Education		40	100	140
Practical and Viva Voce				
6. Midwifery and Obstetrical Nursing		50	50	100
7. Community Health Nursing		50	50	100

Note: All practical examinations must be held in the respective clinical areas.

One internal and one external examiner should jointly conduct practical /clinical examination for each student.

Criteria for Pass: **A candidate has to fulfill the following criteria:**

For declaration of pass in any subject in the University examination, a candidate shall pass both in Theory and Practical/Clinical examinations components separately as stipulated below:

The Theory component consists of marks obtained in University Written paper(s) and internal Assessment (Theory). For a pass in theory, a candidate shall secure not less than 50% marks in aggregate i.e., marks obtained in written examination and internal assessment (theory) added together. For a pass in practical/clinical examination, a candidate shall secure not less than 50% marks in aggregate, i.e., marks obtained in university practical /clinical examination and internal assessment (practical) added together.

A candidate not securing 50% marks in aggregate in Theory or Practical/Clinical examination in a subject shall be declared to have failed in that subject and is required to appear for both Theory and Practical/Clinical again in the subsequent examination in that subject.

However, for a pass in English paper, a candidate shall secure not less than 40% of maximum prescribed marks in theory and 40% of maximum prescribed marks in internal assessment.

According to I.N.C. Syllabus of B.Sc. Nursing

Duration of course will be 4 years divided into four yearly terms including 24 weeks of internship towards later part of the fourth year.

1. Internship means monthly integrated clinical duties in which 2 weeks of evening and night shift duties are included.
2. Internship should be carried out as 8 hours per day @ 48 hours per week.
3. Students during internship will be supervised by nursing teachers.
4. Fourth year final examination only after completing internship.

Declaration of Class: (Only in the final year examination)

a) A candidate having appeared in all the subjects in the same examination and passed that examination in the first attempt and secures 75% of marks or more of grand total marks prescribed will be declared to have passed the examination with distinction.

b) A candidate having appeared in all the subjects in the same examination and passed that examination in the first attempt and secures 65% of marks or more but less than 75% of grand total marks prescribed will be declared to have passed the examination in First Class.

c) A candidate having appeared in all the subjects in the same examination and passed that examination in the first attempt and secures 50% of marks or more but less than 65% of grand total marks prescribed will be declared to have passed the examination in Second Class.

d) A candidate passing a university examination in more than one attempt shall be placed in Pass class irrespective of the percentage of marks secured by him/her in the examination.

[Please note fraction of marks should not be rounded off for clauses (a), (b) and (c)]

Carry Over

1. A candidate failing in more than two subjects will not be promoted to the next year.
2. Candidate shall not be admitted to the subsequent higher examination unless the candidate has passed in all the papers in the previous examination.
3. If a candidate fails in theory or practical exam in a paper in that paper he/she has to re-appear for both in Theory and Practical.

Maximum number of attempts and maximum period for completion of the course

1. Maximum number of attempts permitted for each paper is three including first attempt.
2. The maximum period to complete the course successfully should not exceed eight years.

Award of degree

Must have 100 % attendance in each of the practical areas before award of degree.
